

Cello Fest

The Cellist as a One-Person Band!

Featured Guest: Mike Block

Ready to elevate your cello game? Cello Fest is a day of music, learning, and pure joy! Secure your spot now.

The cello is such a versatile instrument! In addition to the fun of playing the Bach Suites, it is wonderful to be able to jam in the many non-classical styles of music. Mike Block is one of the world's premiere innovators and performers in this field. In addition to his stellar career, he has developed performing aids like the "Block Strap," which allows cellists to easily play standing up.

You won't want to miss this day of fun, learning, and inspiration that will expand your boundaries as a cellist! This event is available to advance middle school players through adults.

Five Reasons to Attend
